

# Parent's Day Out

February 2018

Dear Parents,

February is our month to discover Community Helpers. Children are fascinated by our community helpers and have a lot of fun interacting with all the "props." We will have a week about doctors. This is a good time to remember if you have had any recent shots. If your child had any shots since the beginning of PDO, please bring a copy of your updated shot records. Your doctor can fax them with Attention PDO on the first page to (405) 321-2087.

This year our fire department will visit on February 7 at 10:00 a.m. The firefighters show us their equipment and provide a tour of their truck. The main purpose of their visit is to help our children not be afraid of firemen. If the date is not on your regular day, you may drop by with your child during the visit. (This is not a party day, if you want your child to stay all day, you will need to pay the drop-in fee of \$40.)

At home remember to talk about safety with your family. Check the smoke alarm (listen to it), look at your home from a child's point of view (on your knees) and see what hazards might be lurking (plug covers, electric cords, space heaters, loose rugs, small items, etc.)

We have finished the story of Noah and the Ark. We are starting the stories about King David's life as a boy.

Our Valentine party will be on February 14 from 10:00 to 11:00 a.m. All children are invited as well as any parent who would like to attend. We will have games, a craft, a snack, and a valentine card exchange time. Each room will have a sign-up sheet for snacks and drinks. If you have not had a turn to bring a snack or drinks, please let the teacher know so you may have the first chance to sign up.

We ask when you send your valentines that you sign your child's name (or let the child), but do not individualize the recipient. You will be given the number of children in the class by your teacher. Please make at least one extra card, in case of a drop-in.

We will be closed Monday, February 19

Fall Pre-Enrollment has begun for all of you already in the program. See your teacher for an enrollment packet.

Summer Enrollment has begun. We will have full 8 weeks as follows: ALL four weeks in June Closed the week of July 4 then the next four weeks. The last day is Aug. 3. See your teacher for an enrollment sheet.

May God bless you,  
Your PDO family

PS: Happy Groundhog Day! Plan to go outside and look for your shadow with your child. Ask these questions: Is there a shadow today? Did it scare you? Or is that just silly? How does it move? Have fun!
