Talking in the Library

"Literature adds to reality, it does not simply describe it. It enriches the necessary competencies that daily life requires and provides; and in this respect, it irrigates the deserts that our lives have already become."

-C.S. Lewis

Mere Christianity by C.S. Lewis

"Mere Christianity is C.S. Lewis's forceful and accessible doctrine of Christian belief. First heard as informal radio broadcasts and then published as three separate books - *The Case for Christianity*, *Christian Behavior*, and *Beyond Personality* - *Mere Christianity* brings together what Lewis saw as the fundamental truths of the religion. Rejecting the boundaries that divide Christianity's many denominations, C.S. Lewis finds a common ground on which all those who have Christian faith can stand together, proving that "at the centre of each there is something, or a Someone, who against all divergences of belief, all differences of temperament, all memories of mutual persecution, speaks the same voice." Buck Denver asks... What's in the Bible? by Phil Vischer

It's complete. Finished. All over. No more to come. Wait, what? Much to the chagrin of the daily news reporter for Jelly News, Buck Denver discovered that the series had ended. From the creator of VeggieTales, Phil Vischer explains the entire Bible to kids in a groundbreaking, fast-paced and fun-filled DVD series. The series, Volume 1: In the Beginning, began in 2010 and ended with the last-month's release entitled Volume 13: God's Kingdom Comes. The premise of this series originates when the intrepid news anchor, Buck Denver, seeks the story of the century ... What's in the Bible? Buck, Phil, Sunday School Lady and a full cast of characters take us on a journey through the whole Bible, while asking the questions that kids typically ask. The series is perfect for your entire family – pre-K through teens, passing young adults, and ending with, well everyone. It is time well spent laughing and learning together. In review of the series, Francis Chan has remarked "I have never been more excited about a children's DVD series!" and Max Lucado is recently quoted as saying "Phil Vischer does it again!"
